Custom Building Portraits

Artist Kelly Southee creates vibrant tributes to the places you love. Family homes, historic buildings and more! Her paintings are completed using high quality acrylic paint and ink on stretched canvas and come ready for you to hang as artworks to treasure. Honour what you love with a custom created Building Portrait as a gift or personal keepsake.

How can I obtain a Building Portrait?

Step 1: Photographs, Size and Time Frame

Email photographs of your special building to Kelly. Take your photos on a sunny day when sunlight is showing the property's features at their best. Let Kelly know: 1. The approximate size of artwork that you would like 2. Any features you wish to have emphasised in the scene e.g. trees in bloom 3. The date you'd like the building portrait completed by.

Step 2: Sketch & Go Ahead

Kelly will produce a layout sketch based on your photos; this will be emailed for your feedback & approval. The final size of the painting is agreed upon and a formal quotation based on size is provided.

Step 3: Deposit & Progress

Once you have approved the sketch a 30% deposit payment to proceed with your order. As the painting evolves Kelly will send you sneak previews of the work in progress via email updates.

Step 4: Completion

The outstanding balance is due on completion. If you live locally Kelly can meet with you to unveil the final painting, or shipment can be arranged (Prices dependant on destination).
